

# Scapegoat

Disciple

I can't believe that I'm not dead  
For how long your wool was pulled over my head  
Caught you kneeling at your altar ego  
Face to face with the anti-hero  
You cast the shame, pass the blame  
Never been the same from the day you came

I tear down your dark disguise  
Come to the light

Now I know who you are  
And I know what you want  
Never again, never again  
Try to break my soul  
Just to make it your own  
Never again, never again  
Try to romance my heart  
Just to leave me alone  
Never again, never again

Take your needle from my eyes  
No tears are falling  
My faith concedes to rise  
And I'll be your scapegoat never again

I can't believe I let you in  
But you huffed and puffed 'til I could hardly stand

All the king's horses, all the king's men  
Could not find the corpses under your bed  
But I smelled the rot, took the shot  
Like it or not it's the plot you bought and

I tear down your dark disguise  
Come to the light

Now I know who you are  
And I know what you want  
Never again, never again  
Try to break my soul  
Just to make it your own  
Never again, never again  
Try to romance my heart  
Just to leave me alone  
Never again, never again

Take your needle from my eyes  
No tears are falling  
My faith concedes to rise  
And I'll be your scapegoat never again

Now I know who you are  
Now I know what you want  
You're breaking my soul  
Just to make it your own

Now I know who you are

And I know what you want  
Try to break my soul  
Just to make it your own

Take your needle from my eyes  
No tears are falling  
My faith concedes to rise  
Now take your poison from my mind  
No tears are falling  
Your face I leave behind
