

Snooze

Disciple

Do you remember the night my eyes were pouring rain
You came to me, and you took my hand, and you wiped my rivers d
ry
I could never forget how high that you taught me how to fly
Do you remember that night, well me neither

I waited for you, but you never came
I waited for, you but you lied
I waited for you, but you never came
But it's alright, I sleep just fine

Do you remember the night, the night we took the stage
The crowd was in a rage of noise but the only voice I heard was
you
Passed every face by till I saw your smile
Do you remember that night, well me neither

I waited for you, but you never came
I waited for, you but you lied
I waited for you, but you never came
But it's alright, I sleep just fine

I could never thank you enough for teaching me
how just to treat the ones I love and be there
I could never thank you enough for teaching me
how just to treat the ones I love and just be there

I waited for you, but you never came
I waited for, you but you lied
I waited for you, but you never came
But it's alright, I sleep just fine
