

# Take Me

**Disciple**

Lying stagnant, lost, but found never gaining enough ground  
Salvation from prayer on my knees but I can't take the monotony

Where else could I go to the one that I know I need to go farth  
er if it's no bother

Take me higher (3x)

Step by step, just lead me on the path that I've been on so lon  
g  
Show me ways that I can grow 'cause I need to be so close
