

Tribute

Disciple

The things your eyes have seen
Are the content of my darkest dreams
But you take it willingly
The war that keeps my family free

To all the brothers that have gone
I want your memory to live on
As I'm on my knees I hope your heart can hear me

I'm praying as you're sleeping
Peace will find your dreams tonight
And you'll know
I am so thankful for all you've done

Across the foreign shores
Are the souls I won't ignore
That would not run from our enemies
As we rest in our peace

Tonight I'm praying for your child
That it won't be a long while
'Till all our brothers come home
To fight no more

I'm praying as you're sleeping
Peace will find your dreams tonight
And you'll know
I am so thankful for all you've done

And as the rain stops falling
I thank my God
It's camouflaging the tears
The fall from my eyes
As you're coming home

Come home
