

NO CAP

Disclosure

I need you all on the floor
Shut the door, no cap
Girl, move your waist
Want to take off your lace, no cap
Will go all night, out of sight
Dynamite, no cap
Got what you need
BDE, ecstasy, no cap
No cap, no cap, no cap

Yeah
Keep bussing that three piece bubble pack
Sweet tea, never with bass like Thundercat
Need someone like wifey, dripping like icy
Hot like light beam fire pack
Been around the world twice, see, don't really wanna sightsee
Show me something nice and I'm coming back
No hezzy when it's time, steady on the line
You can see it in my eyes, I'm really like that

So, so, tell me no lies
Open up your eyes, hands to the sky
Oh, oh, why you so fine?
If you don't mind, let me press up behind
So, so, tell me no lies
Open up your mind, hands to the sky
Oh, oh, why you so fine?
If you don't mind, baby, turn up the vibes

I need you all on the floor
Shut the door, no cap
Girl, move your waist
Want to take off your lace, no cap
Will go all night, out of sight
Dynamite, no cap
Got what you need
BDE, ecstasy, no cap
No cap, no cap, no cap, no cap
No cap, no cap, no

I got it all, baby
It's all for you
Can't lie
Uh

Let's get back to basis
Face to face in an undisclosed location
More cake, more champagne by the cases
Rotate, slow it down, are we in the matrix?
All day, 'eryday, she don't want a break
Have her way by the lake taking of her lace, butt naked
Sensational, you're my favorite
Use, but don't waist, but that's what I'm made for

So, so, tell me no lies
Open up your eyes, hands to the sky
Oh, oh, why you so fine?

If you don't mind, let me press up behind
So, so, tell me no lies
Open up your mind, hands to the sky
Oh, oh, why you so fine?
If you don't mind, baby, turn up the vibes

Turn up the vibes, turn up the vibes, turn up the vibes, turn up the vibes
Turn up the vibes, turn up the vibes, turn up the vibes, baby, turn up the v
