

Spade Is The Anti-Heart

Disco Ensemble

Spade is the anti-heart, spade is the anti-heart,
Spade is the anti-
heart, you better be sure when you turn that card.

Spade is the anti-
heart, you better be sure when you turn that card,
Better know the rules if you're calling this far,
You can shine dark like an anti-star.

Spade is the anti-
heart, you better be sure when you turn that card,
Gonna throw your keys to the bottom of the sea,
You gotta hold tight when we're going in deep.

Come down further, what you've never been,
Come down further, hold your howl.

Spade is the anti-heart, spade is the anti-heart,
Can you feel the breath, the ax come hold me down,
Fast the ax comes down.

Take on the town, we lead,
Traps going down but he had no keys,
Puddle it up and come in my tongue,
But you know shame is the anti-fun.

Rest with the perfect team,
If you don't stay you can never leave.
So can you reveal with my heavery breath,
You can shine bright like an anti-glass.

Come down further, hold your howl.

Spade is the anti-heart, spade is the anti-heart,
Can you feel the breath, the ax come hold me down,
Fast the ax comes down.

Spade is the anti-heart, spade is the anti-heart,
Can you feel the breath, the ax come hold me down,
Fast the ax comes down.

Can you feel the breath, the ax come hold me down,
Fast the ax comes down.

Spade is the anti-heart, spade is the anti-heart,
Can you feel the breath, the ax come hold me down,
Fast the ax comes down.
