

# I Reign Supreme

Discreation

I am the wasteland warlord  
I am the outlaw king  
I rule the killing fields  
At night I haunt your dreams  
I am the distant thunder  
I am the lightning flash  
I am your constant fear  
I am the lurking shadow in your back

Chorus:

I reign supreme  
Perpetual and merciless  
I reign supreme  
With hell at my command  
You will be terrified  
When the truth is revealed

For I possess the wisdom  
To command the dead  
Behold my undead legions  
Of soulless monstrosities  
Black hearts filled with hatred  
Summon the fires of hell

Chorus

We unleash the army of death  
Blessed by ancient black gods  
We harvest the souls of the pure  
Spells of destruction and plague  
Witness the end of time  
These are the final days  
Chorus
