

Get Hype

Discrepancies

Get hype, get loud
Hands in the air let them know it's going down
I need y'all to get pumped, get loose
But hold on tight cause we're tearing off the roof
I need y'all to get hype, get loud
Hands in the air let them know it's going down
I need y'all to get pumped, get loose
But hold on tight cause we're tearing off the roof

Yo, I got something to confess
Today hasn't been the best
I been feeling kinda stressed
Man, I feel this world is testing me
Stressing over necessities
Depression is effecting me
But I swear I got the recipe
Just let me keep a piece
And I'll give you all the rest of me
Don't question me, don't message me
Just let me keep what's left of me
These inner flames get ignited with rage
We kidnap our bad day
And take it out on the stage
And we don't want a ransom
We just wanna jam some
Make the women dance some
Fellas put ya hands up

Get hype, get loud
Hands in the air let them know it's going down
I need y'all to get pumped, get loose
But hold on tight cause we're tearing off the roof
I need y'all to get hype, get loud
Hands in the air let them know it's going down
I need y'all to get pumped, get loose
But hold on tight cause we're tearing off the roof

Yeah, it get shocking at times
Cause I seem to transform
Kicking Optimus rhymes
And the plot gets inclined
At the drop of a dime
Can't stop or rewind
Or try to define my
Twisted mind
It's intertwined with adrenalin
Kicking venomous sentences
To pillage all your innocence
Then grace the stage
Just to let you know we in this bitch
And rap so damn good
You would think that I invented it
The music needed change
And we gained all its trust
So we threw it in the trunk
And we're taking it with us
We don't want a ransom

We just wanna jam some
Make the women dance some
Fellas put ya hands up

Get hype, get loud
Hands in the air let them know it's going down
I need y'all to get pumped, get loose
But hold on tight cause we're tearing off the roof
I need y'all to get hype, get loud
Hands in the air let them know it's going down
I need y'all to get pumped, get loose
But hold on tight cause we're tearing off the roof

This is for those having trouble understanding it
This right here is just a little anger management
If you're mad then I'm talking to you
This right here is what I need you to do
Gather all the anger inside and let it out
You know there ain't nowhere to hide
You know I'm spittin' nothing but facts
I know you feel you've got the world on your back
So gather all the anger inside and let it out
You know there ain't nowhere to hide
You know I'm spittin' nothing but facts
I know you feel you've got the world on your back

Get hype, get loud
Hands in the air let them know it's going down
I need y'all to get pumped, get loose
But hold on tight cause we're tearing off the roof
I need y'all to get hype, get loud
Hands in the air let them know it's going down
I need y'all to get pumped, get loose
But hold on tight cause we're tearing off the roof

Ya!
