

## Deadweight

Disfear

Propagating, entertaining  
Rewriting and censoring  
Our history desecrated adjust, adapt, obey  
Teachers, media, politicians  
And, yeah, your parents as well  
Are either bought or just equally f\*cked

It's a one way communication  
A deadweight population  
It's a one way communication  
I won't conform, no f\*cking way!

The burnt out, the anorectic  
Part of the result

The naive, the so pathetic  
And the non-reflecting cult  
Ghosts of tomorrow, fear them today  
Oh, yeah, fear them today  
You better wake up before it's too late

One way communication  
A deadweight population  
It's a one way communication  
I won't conform, no f\*cking way!  
One way communication  
A deadweight population  
One way  
Deadweight  
One way  
Deadweight
