

# More Than Fights

Disorder

Come to the gigs  
And you have a fight  
That's fine  
Until you're doing time  
Anarchy means this  
Do what the fuck you want  
If you wanna fight  
Then go and fight

There must be more than fights  
Band don't like fighting  
They tell us all to stop  
We pay our money  
Promoters call the cops

It's not all that clever  
Don't think it's right  
To enjoy ourselves  
We always gotta fight  
End of the night  
Still at the start  
They say don't do it  
We're kept in the dark

This country is violent  
From bottom to top  
Everyone they should know  
We really should stop
