

Violent Crime

Disorder

Bricks fly when you're around
IRA shoot bastards to the ground
Thugs beat up your young again
Russians go for their fucking guns

Violent Crime..

Millwall take your end again
The ripper strikes a fucking 'gain
All so fucking sickening
You're so fucking satisfied

Violent Crime

Walk the streets at night
Just looking for a usual fight
You'll get put away one day
You'll regret that very day
