

## Bound by Love

Dispatch

Maybe we'll meet on the road  
From Darwin up to Jericho  
I hear the old ones softly say

For the weak  
For the strong  
For the old  
For the young  
We are bound, we are bound, bound by love

They tell me to cross the river but I cannot swim  
I see my mama and she's getting thin  
She's doing everything to keep us fed and warm

For the weak  
For the strong  
For the old  
For the young  
We are bound, we are bound, bound by love

Don't you know ma says if you're going to go fast, then you go  
it alone  
Don't worry ma, I'm out in the field and I'm taking it slow, to  
gether we'll go

We are, we are, we are,  
Bound by, bound by, bound by love

Don't you know ma says if you're going to go fast, then you go  
it alone  
Don't worry ma, I'm out in the field and I'm taking it slow, to  
gether we'll go

Can there ever be equality  
No soldier, no refugee  
Can we walk together now in peace

For the weak  
For the strong  
For the old  
For the young  
We are bound, we are bound, bound by love
