

# Johnny Whoops

Dispatch

Johnny, Johnny, Johnny, Johnny, whoops, Johnny, whoops, Johnny  
Johnny, Johnny, Johnny, Johnny, whoops, Johnny  
Johnny, get home  
Johnny, get home

Take a horse, take a boat, take a train, Johnny  
Through the sun, the wind and the rain  
Johnny, get home  
Johnny, get home

Oh, I'm not a religious man, anyone can see  
I'm not a religious man prancing 'round the tree  
But missing you has got me down on my knees  
I'll stop my smoking, I'll stop my drinking  
Oh, my boy, won't you come back when you can?

Johnny, Johnny, Johnny, Johnny, whoops, Johnny, whoops, Johnny  
Johnny, Johnny, Johnny, Johnny, whoops, Johnny  
Johnny, get home  
Johnny, get home

Oh, try and get home  
Try and get home

Take a horse, take a boat, take a train, Johnny  
Through the sun, the wind and the rain, Johnny, oh  
Johnny, Johnny, Johnny, Johnny, whoops  
Johnny, get home

Oh, Johnny  
Oh, Johnny  
Oh, Johnny, Johnny, Johnny, Johnny, whoops  
Johnny, get home

Just kiss your enemy and come back home  
Kiss your enemy and come back home  
I just got one more thing to say  
Ain't no good since you've been away  
Oh, kiss your enemy and come back home  
Kiss your enemy and come back home  
Kiss your enemy and come back home

Kiss your enemy  
Kiss your enemy and come back home  
Kiss your enemy (Come back)  
Kiss your enemy (Come back)  
Kiss your enemy and come back home

And come back  
And come back  
And come back home

And come back  
And come back  
And come back home  
And come back  
And come back  
And come back home  
And come back  
And come back  
And come back home
