

Cursed

Distant

What defines death?
Is it a feeling of eternal emptiness
Or is it when the world goes numb
I can't tell any longer

Cut me off Sever my head
Take me away from reality
Relapse
Don't let them in
Make me bleed in serenity
I am lost in a world
Rendered helpless
With no way out of this misery
My demons are calling upon me

What defines death?
Is it a feeling of eternal emptiness
Or is it when the world goes numb
I can't tell any longer
What defines death?
Is it a feeling of eternal emptiness
Or is it when the world goes dark
I can't stand any longer

I hear their screams
Calling my name
Calling for me
Echoing voice at the back of my head
Robs me of my sleep for eternity
I hear their screams calling for me

What defines death?
Is it a feeling of eternal emptiness
Or is it when the world goes numb
I can't tell any longer
What defines death?
Is it a feeling of eternal emptiness
Or is it when the world goes dark
I can't stand any longer

Sever my head (Sever my head)
Take me away (Take me away)
They call my name (They call my name)
Just make me bleed

Just make me fucking bleed

I am cursed to stay
I am cursed to stay
My name cursed to stay, I am cursed

Just make me bleed
Just make me fucking bleed

I hope that one day
I won't rest in peace
I hope that I won't rest in peace

I hope I won't fucking rest in peace
I hope I will never fucking rest in peace
I hope I won't rest
Fuck
