

Loveless Suffering

Distant

Trauma you put me through, a loveless suffering
With years of betrayal filling my veins up with all of the agony

A false idol, a ruination of hope

Trauma you put me through, a loveless suffering
With years of betrayal filling my veins up with all of the agony

The smile on your face makes me fucking sick
I grab onto your blade and put it to my neck

A false idol, a ruination of hope
Nothing is sacred to your meaningless demise

Nothing is sacred to the likes of you
A false idol, a ruination of hope

My endless suffering
But it makes me feel alive
Tables are turning now
To eat up all your lies

My endless suffering
Is a smile on your face
That makes me fucking sick
So I grab onto your blade

Die

Trauma you put me through, a loveless suffering
The years of deception filling my fucking guts
Trauma you put me through, a loveless suffering
With years of betrayal filling my veins up with all of the agony

Loveless
Suffering

I know the edge of every knife that you put through me

Loveless
Suffering

Fuck it up

Now please take my place
Stand where you belong
And enjoy the view of your creation

I grab onto your blade and put it to my neck
I will slice my throat and make you watch

I will slice my throat and make you fucking watch

Feel my pain

Loveless suffering
