

On The Cross

Distant

Surrender

Fear for your saviour is here
With a script of divine ideas
Praise be unto him
For the evil of man
Shall be washed away

Sent forth a son to intervene
Pray on your knees
Is it chaos you seek
Sacrifice and die in the name of him
Is this pain driving me insane?

Watch your demise against tyranny
A book of lies has control of me
The end result is in front of me
It's in front of me
Follow it blindly

Hell
Home from the heretic
Fear
Tactics to pen the sheep
Chosen
Put him on the cross to bleed
On the cross to bleed
And you put him on the
Saviour
Put him on the cross to bleed
On the cross to bleed
And you put him on the...

Thorn
Crown placed upon his head
Spikes
Hammered into his flesh
Spears
Piercing into your chest
Die
On the cross
Is your God impressed?

The weight of sin has been lifted
Your sacrifice humanity is gifted
Chosen
Put him on the cross to bleed
Put him on the cross to bleed
Saviour
Put him on the cross to bleed
Put him on the cross to bleed

Watch your demise against tyranny
A book of lies has control of me
The end result is in front of me
It's in front of me
Follow it blindly

Hell
Give me a reason to believe
Lies
Put him on the cross to bleed
On the cross to bleed
And you put him on the
Crucify
Put him on the cross to bleed
On the cross to bleed
And you put him on the...
