

## Man vs. Magnet

The Distillers

Everybody knows your name  
You leave a lasting impression  
No moment I don't love your imperfection  
You left to wake up in some dark dimension

[?] wouldn't dare to hurt us  
Hanging women [?]

I'll be on the run  
Gone until I'm found  
Chasing better dreams  
Repeat myself to sleep

I don't want to live forever  
Don't mind dying old  
Found out what your love is made of  
Not the same as mine

I will not run [?] but you want  
Everything, endless love

I'll be on the run  
Gone until I'm found  
Chasing better dreams  
Repeat myself to sleep  
I said repeat myself to sleep

Oh, I've been caught  
I'm a rotten lover to the core  
Oh, I've been caught  
I'm a rotten lover to the core

I'll be on the run  
Gone until I'm found  
Chasing better dreams  
Repeat myself to sleep  
Myself, the reaper's in my sleep

Away, away  
Away, away
