

## Muppet Nambla

The Distillers

Why are there so many songs about rainbows?  
And who gives a fuck anyway?  
Rainbows are stupid, they only remind me  
That my life is sick with decay

And so you are stupid, you choose to believe it  
I know we're all gonna die  
We'll never find it, the rainbow Connection  
The sickly, the worthless, and I

Who said that "every wish would be heard and answered  
When wished on the morning star"  
Some asshole thought of it, some sucker believed it  
And look what it's done so far

And it's so pathetic, that you are pathetic  
And it's all you aspire to be  
You'll never find it, the rainbow connection  
The homeless, the wealthy, and me

All of us are gonna die  
You could say nature's a facist

Have you been half asleep and have you heard voices  
Swimming around in your head?  
Some say "I'm lucky!" and some say "I'm Happy!"  
But most say "I'd rather be dead"

And I know I'm lazy and apathetic  
Sometimes that is all that know  
And I'll never find it, the rainbow connection  
The leftover crack and you
