My mistress

I stand on the brink of your mind Living inside a nightmare from which I just cannot awaken Stand on the edge of your life Just give me another moment from which I will never awaken

Stand on the brink of my own demise
Fallen again for another
Mistress of burden to idolize
Hoping that one of them will decide to let me in

To stand on the edge of the knife Cutting through the nightmare from which I just cannot awaken Stand on the edge of the night Living inside a moment from which I will never awaken

Stand on the brink of my own demise
Fallen again for another
Mistress of burden to idolize
Hoping that one of them will decide to let me in

Look at what you've done to me You've become my enemy Poisoning the world for me Take away my everything Weakened as I am Never awaken

Stand on the brink of my own demise
Fallen again for another
Mistress of burden to idolize
Hoping that one of them will decide to let me in

My mistress, decide to let me in My mistress, decide to let me in
