Lagti thandi hawa, ab wo lagti bomb hai (Bomb hai)
Same hai sundar hai ab wo ghar ya kaam pe
Wo chahti nahi kuch mere naam se
Na khabar usko mere naam se, ya pehchaan se
Pehle laga thoda fass gaya main
Phir socha maine waapas, thoda hass gaya main (Ha-ha)
Sach bolun thoda thass gaya main, par uske liye likhe maine dus bahane

Main shaayar, wo shaayari
Euphoria tu ban ja meri Maeri
Sahi me pyaar hai, maine tujhe fasaya nahi
Aisi cheez nahi jo-jo maine bataya nahi
Main shaayar, wo shaayari
Euphoria tu ban ja meri Maeri
Sahi me pyaar hai, maine tujhe fasaya nahi
Aisi cheez nahi jo-jo maine bataya nahi

Yeah
Saw you come across my way
Now you in my head all day
What I'm gon' do (What I'm gon' do)
Stuck on you (Stuck on you, yeah, yeah)
I've been here before, you feel like home
Could've sworn I wanted to be alone
I'm not complaining
She don't even get it, I'm famous, no
Major on my mind
I was in the signs, flying
To me I've gone so fast
All my eyes on the road and I'm about to pass
Yeah, I'm colliding with you
I met your friend, now I think I'm vibing with two (Shit)
Dilemno, dilemno, I'm in love with you and your friend yo
