

Native Love

Divine

Dance Rock Feel the heat
Rock your body to the Native Beat

Step by step

Slowly I turn
Step by step
See'mon
Well here I am I got the heat
I'm gonna rock to the rhythm of the Body heat

See'mon now lets have big fun
Rock to the rhythm lets get undone

Designer jeans my teenage dream
Of love is on my mind
This Native Love is restless
And I'm just not satisfied

And I never get enough
Of that Native Love

Slowly I turn
Step by step

See'mon
My car is by Ferrari
And my body's Jack La Lanne
My clothes are by Armani
And my hair is by Elaine
Tiffany and Cartier are
Telling me the time
This Native Love is restless
And I'm just not satisfied
And I never

Slowly I turn
Step by step
See'mon

Hey GO man here
I am for everyone to see
If I'm not your type
Well that's alright
Cause that just don't matter to me
I got the rhythm and the rhyme
And I'm right on time
And I'm gonna blow your mind
This Native Love is restless
And I'm just not satisfied

Slowly I turn
Step by step
See'mon
