Human On The Inside

Divinyls

I play a good game But not good as you I may be a little cold But you can be so cruel I'm not made of brick I'm not made of stone But I had you fooled enough to take me on

If love was a war It's you that has won While I was confessing it You held your tongue Now the damage is done

there's blood in these veins And I cry when in pain I'm only human on the inside And though looks may decieve Make it hard to believe I'm only human on the inside On the inside

I thought you'd come through I thought you'd come clean you were the best thing I should never have seen Cause you go to extremes You push me too far Then you keep going 'till you break my heart Yeah you break my heart

See I bleed and i bruise Oh, but what's it to you I'm only human on the inside And though looks may deceive Make it hard to believe I'm only human on the inside Well I crash and I burn Maybe some day you'll learn I'm only human on the inside I stumble, I fall baby under it all I'm only human on the inside On the inside

And the damage is done

there's blood in these veins And I cry when in pain I'm only human on the inside And though looks may decieve Make it hard to believe I'm only human on the inside Well I crash and I burn Maybe some day you'll learn I'm only human on the inside I stumble, I fall, baby I do it all I'm only human on the inside On the inside On the inside
