

# Love in Motion

Divinyls

Give you my heart and soul  
I give you everything  
Put it all in your hands  
Now is it such a sin

Uh huh round again  
Taking that back step one more time  
Oh no there she goes  
Look at that girl love in motion

I'm gonna follow you  
Anywhere you go  
And when I make you mine  
I won't ever let you go

Uh huh round again  
Taking that back step one more time  
Oh no there she goes  
Making it easy feel like dancing  
Uh huh round again  
Only one thing gonna change your mind  
Oh no there she goes  
Tell you that girl is love in motion

Won't ever let you go

Uh huh round again  
Taking that back step one more time  
Oh no there she goes  
Making it easy feel like dancing  
Uh huh round again  
Only one thing gonna change your mind  
Oh no there she goes  
Tell you that girl is love in motion  
Love in motion

Uh huh round again  
Taking that back step one more time  
Oh no there she goes  
Tell you that girl is love in motion  
Love in motion  
Love in motion  
Love in motion  
Love in motion  
Uh huh  
Uh huh  
Uh huh, love in motion  
Uh huh, love in motion  
Uh huh  
Uh huh  
Love in motion  
Love in motion  
Ooh ooh
