

## What a Life!

Divinyls

Sorry it's taken me a while  
it's just my writing style  
it's all the same on the weekends  
and I'd like to see you again

I hope you found some employment  
I wish I could find some enjoyment here  
I always see the same faces  
and I'd like to see yours again

No one has checked in to this place  
since you've been gone [x3]

You told me, you would come back, you told me

You were the only one who had an effect on me, yeah  
You were the only one who had an effect on me, ooh

No one has checked into this place  
since you've been gone [x3]

Hey! You told me, you would come back, you told me

the Life Magazine you lent me  
Makes my life seems so empty here  
Oh, what a life! What a life! What a life!

You were the only one who had an effect on me [x3]  
yes you did, yes you did

(What a Life) (yeh yeh)  
(yes you did)  
alternatives

then..  
What a life... yeh yeh
