Need To Get Some

Division of Laura Lee

You need to get some
You need to get some
You need to get some
You need to get
'cause everybody is havin' fun
Everybody is havin' fun
And everyone keeps on askin me, yea
About all the things that we've been waiting for
It's not just you
It's not just me
It's not just you
We're dealing with
Everyone, hey everyone
Deliver your money
Deliver your soul
Deliver your freedom
Heey, give 'em the truth and the just might follow
Give 'em the truth and they just might
You need to get some
You need to get some
You need to get some
You need to get
Are you sad when my deal
I give you more to reveal
I'll give you everything
Everything you need
You're not the only one
It's not just you
It's not just me
It's not just you
We're dealing with
Everyone, hey everyone
Deliver your money
Deliver your soul
Deliver your freedom
Heey, give 'em the truth and the just might follow
Give 'em the truth and they just might
You need to get some
You need to get some
You need to get some
You need to get some
You need to get some
'cause' everybody is havin fun
Everybody is havin fun
And everyone keeps on askin me, yea
About all the things that we've waiting for
