

Pretty Electric

Division of Laura Lee

Electric I'm not your toy
You're not on my list
I'll guess you won't resist
Cause if you leave it all to trust
You ain't got shit
Like radio hits, it's such a myth
You stole it all
You stole it all
Pretty, electric, I'm not your toy
You can't make me feel, what ain't real
Yeah
Cause all the things you did
To tried to beat me down, to the ground
You stole it all pretty electric
Knew your stones won't beat me down
Sweetest way to make you kick and scream
Set me free higher me totally
It's pretty electric....
