

# The Truth Is Fucked

Division of Laura Lee

I got my self a secret home far beyond the walls of what you may own  
I got my self a secret place another fucking waste for the human race  
Did you got me all wrong cause i had it for long  
It's never that easy  
I never had  
I never got  
I never felt  
I never thought  
I never blamed myself cause the truth is fucked  
I never learn  
I never cared  
I never shared  
I never feared  
I never blamed myself cause the truth is fucked  
I don't like  
I don't think  
I don't make  
I don't bring  
I don't feel a shit cause the truth is fucked  
I never learn  
I never cared  
I never shared  
I never feared  
I never blamed my self cause the truth is fucked  
Cause the truth is fucked
