

Both Ways

Dixie D'Amelio

You think that you got me figured out (Figured out)
See you see me on some type of running 'round
You say that you miss me, I say that I miss we
Beggin' it ain't pretty, oh no-no
Hear you hear me, everything just feels so loud

So, if you wanna play games, we can play games, I got no shame
It's a shame how you think you're playing me but we're the same
I can't fake love, give it up, never hit you up
If you wanna play games, we can play, it goes both ways
(Ah-ah, ee-yeah, ah-ah, ee-yeah)
Baby, it goes both ways (Ah-ah, ee-yeah)
Mm, if you wanna play games, we can play, it goes both ways

Ooh
Red wine and manipulation
Yeah, I miss the way we were
Before the miscommunication
Said you're actin' like me
But it's interpolations
All this he said and she said
But you missed what I'm sayin'
What do we have if we don't have trust?
Whole lot me and you, not enough of us
Somewhere between so in love and know it's lust
And I believe in us

So, if you wanna play games, we can play games, I got no shame
It's a shame how you think you're playing me but we're the same
(We're the same)
I can't fake love, give it up, never hit you up (Never hit you up)
{If you wanna play games, we can play, it goes both ways} (Baby, it goes both ways), ah-ah, ee-yeah, ah-ah, ee-yeah
{Baby, it goes both ways} (Baby, it goes both ways), ah-ah, ee-yeah
{Mm, if you wanna play games, we can play}, it goes both ways
