

Bye2You

Dixie D'Amelio

Hey, yeah, yeah
Oh-oh, oh
When I said bye to you, bye to you

In the beginning
In the beginning this is something I was looking for
I was looking for someone, to love someone
Who crash into my shore
Out of nowhere
You came out of nowhere, I can't breathe
Feels like no air
Why'd you come in my life just to leave?

I get so frustrated with myself
Falling for someone who has someone else

I wasn't lyin' when I said bye to you, bye to you
I won't deny it
Yeah, I was dying, I cried for you
When loving you was so easy
It shouldn't have been so easy to say bye to you
When I said bye to you, bye to you
Bye to you
(When I said bye to you, bye to you)
Bye to you

So many questions
But all of the questions led to lessons learned (Lessons learned)
Made you turn
Into someone who still makes me hurt, yeah

I get so frustrated with myself
Falling for someone who has someone else

I wasn't lyin' when I said bye to you, bye to you
I won't deny it (Won't deny it)
Yeah, I was dying, I cried for you
When loving you was so easy
It shouldn't have been so easy to say bye to you
When I said bye to you, bye to you
Bye to you
(When I said bye to you, bye to you)
Bye to you

(I wasn't lyin') I wasn't lyin' when I said bye to you, bye to you
I won't deny it (I won't deny it)
Yeah, I was dying, I cried for you
When loving you was so easy
It shouldn't have been so easy to say bye to you
When I said bye to you, bye to you
