

Stuck

Dixie D'Amelio

Last I checked it was seven times (Ooh-ooh, ooh)
Since we swore it was the last time (Ooh-ooh, ooh)
Cut you off, I'm still losin' blood
I'm afraid that you got me tied up

I just turned eighteen, blindin' I believed
Love we couldn't keep (Oh-ooh, whoa-oh)
Run in circles now, tryna figure out
Where did we go wrong
Is it right movin' on (On)

Stuck, swimmin' through mud
Thought I was further along than I was
Holdin' on comfortably now
Can we please go back to before we said love?
(For now I'm just)

When you called, I've run out of words (Oh-oh-oh)
Hold my tongue, I'm not goin' first (Goin' first)
Someone save me from gettin' hurt
I can't trust myself 'cause I just make it worse

On and on and off again
Song that never wants to end
On and on and off we said (Said we'll never fall in love)
Fall in love again
On and on and off again
Song that never wants to end
On and on and off we said
And now I'm just (Now I'm just stuck)
