

# Bang Bang

Dizzee Rascal

I'm sick and tired of runnin, I'm sick and tired of frontin  
I just wanna be myslf, I'm sick and tired of stuntin  
I'm sick of strangers in my life, I'm guilty now I'm jumpin  
Don't know what I'm livin for no more but I wanna die for something  
There's more to the life than big bully, I'm out here tryna fight my coolin  
Every day, same shit, burn the union  
Cop bars from evening til morning  
Sometimes still feels like I'm foolin, go up to the eye of storm  
I never thought that I could be so corny  
Why wasn't there nobody to warn me  
Why couldn't I see the signs? How could I not read between the lines  
Thought I could somehow be divine  
But it feels like God left me behind  
But that's not true, I'm so blessed  
That's Mos Def, I'm so fresh  
And I don't wanna protest but I feel so soulless, I'm a hopeless

It's a bad time, but I'm I until I die  
That's every motherfuckin day  
Real good shot for a spot at the top  
Girl if I go bang bang  
So bang bang bang bang bang bang bang  
Girl if I go bang bang  
So bang bang bang bang bang bang motherfucker  
Girl if I go bang bang  
Now do it

I'm likely most conceded, but I ain't the flashy type  
Can't really take the media, don't like the flashy lights  
Can't stand the nosy people cause they're so full of spite  
I let nobody judge me, I know what's wrong and right  
Might have some line of addiction, I'm so cool out to the mix  
I'm so full of contradiction when I spend time and money with chicks in Switzerland  
And if they will go fix it  
Got my foot in the shoe if it fits it  
But this time I done said I'm a real good misfit, runnin around time like a dipstick  
Don't watch the main so I'm clueless  
Out of all and I'm ruthless  
I try to hold it down but I'm useless  
And I can't stand the fault, the world knows my movements  
Nowhere to run, nowhere to hide  
Feels like I'm blazing, the love and the passion inside  
I'm ready to flash and I'm ready to ride  
I'm likin the vibe

It's a bad time, but I'm I until I die  
That's every motherfuckin day  
Real good shot for a spot at the top  
Girl if I go bang bang  
So bang bang bang bang bang bang bang  
Girl if I go bang bang  
So bang bang bang bang bang bang motherfucker  
Girl if I go bang bang  
Now do it

I work my hustles, nothing given on a silver platter  
I get more money then I blow it like it doesn't matter  
A bunch of stuff I'll probably never use, just booze and clatter  
Don't put me on no pedestal because I'm just a rapper  
And that's just me being truthful  
And it hurts but it feels so beautiful  
It's a lot more suitable  
Don't want no blood on my chemicals  
So hard to kids and hide yo wife  
And please don't make me say it twice  
I'm cold as ice, I'm so not nice  
And I'm just out here tryna live my life

Not tryna be in a hype  
But I feel so glad that I'm tryna see the light  
Inside I can feel the fire  
When I ignite it'll be alright

It's a bad time, but I'm I until I die  
That's every motherfuckin day  
Real good shot for a spot at the top  
Girl if I go bang bang  
So bang bang bang bang bang bang  
Girl if I go bang bang  
So bang bang bang bang bang motherfucker  
Girl if I go bang bang  
Now do it
