

Body Loose

Dizzee Rascal

Get your body loose
I might just tip a little juice
I might just call up my masseuse
Get loose get loose
I gave the whip a little spruce
Come like I got the golden goose
I might just tip a little juice
Get loose get loose

East boy like like Danny dyer
And I'm sweeter than a nut sweeter than papaya
Peng one asked me what do I require
I said baby shake your batty like it's on fire
Then you drop it down low like a flat tire
All I do is fly high something to aspire
Yeh I live the high life I am not a liar
If you're looking for a vibe I am the supplier
I'll be your provider
Geezer, life of the party the pleaser
Girl ease up don't be a teaser
Or cease up like you had a seizure
Buss a whine do you mind if I squeeze ya
I'm not a sleaze I'm just trying to appease ya
I got liquor and the ice in the freezer
No sleep when we party in Ibiza

Get your body loose
I might just tip a little juice
I might just call up my masseuse
Get loose get loose
I gave the whip a little spruce
Come like I got the golden goose
I might just tip a little juice
Get loose get loose

Yeh and Just Wine on me
Pretty Ricky come and grind on me
And You're a star come and shine on me
Baby come and take a ride on me
Take time on me
Let it percolate
Gimme what you got I know it's the worth the wait
And all them other gal wanna perpetrate
The way you pattern up the ting they can't impersonate it's bait
It's not a mystery Agatha Christie
Don't diss me and be misty
Or you'll miss me and that's risky
Get frisky and let's make history
I don't wanna sound Beggy
Lemme know if you wanna go steady
I got driver on standby ready
And that's the vibe yeh you dun know already

Get your body loose
I might just tip a little juice
I might just call up my masseuse
Get loose get loose

I gave the whip a little spruce
Come like I got the golden goose
I might just tip a little juice
Get loose get loose

Get your body loose
I might just tip a little juice
I might just call up my masseuse
Get loose get loose
I gave the whip a little spruce
Come like I got the golden goose
I might just tip a little juice
Get loose get loose
