

# Don't Gas Me

Dizzee Rascal

Yeah, hey, ohhhhhh  
Yeah I'm feeling it  
Yeah I'm feeling it  
I've got gas in my veins right now I'm feeling it  
Hey  
I know you see me (Don't gas me)  
Haha, I know you see me (Don't gas me)  
From far rude boy

Feel so good I might rock my sliders  
Walk through the manor givin' out high 5's (Hey)  
I'll mix some big dirty riddim for the riders  
Drop a couple jaws for the minors (YG's)  
Can't forget toe OG's and the old timers  
Might go find me a couple fine diners  
Couple entrée's and a couple appetizers  
No I don't drink Appletiser (No way)  
Feel so good I might buy me  
A German whip with the ceiling gone  
Make a turn then dip with the bass on max (Whoo)  
Yeah they heard my shit, yeah they heard my shit  
(I know you heard it) Streaming, no CDs  
No burners skipped, got the playlist  
There I don't burn and rip, on the M25  
Yeah I swerve and slip, yeah I swerve and slip

Took a bop in the car rolled up  
And they said "Sway down"  
And I said "Don't gas me!"  
They said "Fam you're a star  
Can I get a quick pic for the 'Gram"  
And I said "Don't gas me!" (My G)  
Must admit one pretty brown thing  
Said she love me long time  
And I said "Don't gas me!"  
I went shop and the boss man said  
"Don't pay me it's fine"  
And I said... (Whaaat)  
"You ain't gotta gas I'm gas fam" (Don't gas me)  
"You ain't gotta gas I'm gas fam" (Don't gas me)

Feel so good I might buy a new Crep  
So I look correct when I 1-2 step (Hey)  
Everyone looking like I don't pet  
Tell 'em it's calm, no sweat (Calm)  
Might just pull out the 1210 decks  
Might tell my man "Pull out the Jett" (What)  
I wanna go China, try out Tibet  
I might go bed and forget (Wake up)  
Feel so good I might try a bit of camping  
Feel so good I might try a bit of lamping (What)  
Feel so good that I parked on a  
Double yellow line and I don't mind if I get a clamping (Whoo)  
More time I ain't ramping  
Don't watch that right now it's a fam ting (Hey)  
Yeah they call me Raskit and I do the damn ting  
And it's still Big Dirtee Stankin' (Oi)

And they said "Sway down"  
And I said "Don't gas me!"  
They said "Fam you're a star  
Can I get a quick pic for the 'Gram'"

Feel so good I might find me a wifey  
Buy her some diamonds, have her all icey  
But I love a hood girl, 'cause your so feisty  
You ain't gotta be so pricey (Love ya)  
Cooking up a curry, or mutton and ricey  
Cooking up something all pepper and spicey (Hmm)  
Put it on my plate, yeah that'll do nicely  
You ain't gotta be so shietsy  
Feel so good but I still want a prenup  
Now I gotta just pre without a feel up (Hmm)  
Tell a DJ that I demand a wheel up  
And you know I blew the scene up (What)  
Why you so vexed boy, chill out and heal up  
All I do is make moves and rate my tea cup  
Have a Kit Kat rude boy, best you ease up  
Take time and get ya P's up (Oi)
