Yeah, I don't wish upon a wishing well, wish me well or wish me hell
I wish they knew how many girl I tapped but I don't kiss and tell
I wish I tapped Chanel, I mean I wish I tapped Lorelle
I mean I wish when I was young I wore the Patrick tops to school
I had to rock Ravels, I mean my mom did everything she could
To keep me off the rails, I wish she never had to get my garments
From the jumble sale, I bet you don't remember
And I bet you think I'm tellin' tales

I wish I never fell out with Jermaine, I don't remember why
I wish he didn't die a week before he got to look
His brand new baby in the eye, yeah, I cried
Yeah, it caught m by surprise, I wish I didn't have to lie
And miss the funeral, there were too many pagans I despise
I wish I could disguise, I wish my enemies would be quiet
But I don't wish for their demise
I wish I could be patient and I wish I could be wise
Still I wish a pussy would come and try me and survive

Big yard, big Benz
Still burn a spliff 'pon the ends

Yeah, act like you know I don't forgive, I don't forget shit
Avt like you know I cut the rest and keep the best bits
Cuttin' away at the flesh, gimme some room and let me finesse
And lent me your address, a couple of things up off my chest
Couple of things that's on your breast
I see you ballin' off that Bitcoin, I wish I woulda invest
I watch my brethren do my other brethren dirty and he wasn't even alert
Sometimes I wish I woulda confessed so I regret and I profess
But do I digress or shall I progress, nevertheless

I wish my mother never ever had to see another doctor
Sick of sittin' in this traffic, wish I had a helicopter
Wish I was a philosophical prophet but I'm a proper rotter
Cocky, off my rocker, probably come a cropper
Tryna pull up on a copper
Still remember happy shopper, Shy FX was dropping chopper
Kept a chopper in my locker (Trust)
I wish I woulda kept all the dubs
I wish I knew that all these years I'd still be gettin' the love
It's love

Been a goon, all of the sunshine
I still know when it's cool or when it's crunch time
Lost my heart but I didn't lose my mind
Keep a girl in the dark but I'ma still shine
