

# Spend Some Money

Dizzee Rascal

I'm just tryin to spend some money  
These girls tryin to take it from me  
(Give me that, give me that, give me that)  
I'm just tryin to spend some money  
(Come on, come on, come on)  
These girls tryin' to take it from me.  
I'm up in the club with them, I'm just like what's up  
Getting bottles with my niggas like we don't give a fuck  
I'm just in the club, with the bottles like what's up  
Spending all my fucking money like we don't' give a fuck

Hot boy, chillin on South Beach  
I got a pocket full of money and I don't speak,  
I let the money do the chit chat, all I do is kick back  
In fact everything's intact,  
So I'm living it large, life large in the charge  
I go hard, no time to recharge,  
I don't stop, I just come forth  
All I see is pretty women and a lot of bottles on the rocks  
I put the premises on you  
Under the middle with a flush, actin out like I'm out  
I get the party started, or so I'm told  
And I feel top notch, I got the top spot  
So let the bass drop, and let the drums kick  
Get before a man to boost and then bump it  
All the bottles are empty 'cause we drunk it,  
And I'm wasted, mission accomplished,

I'm just tryin to spend some money  
These girls tryin to take it from me  
(Give me that, give me that, give me that)  
I'm just tryin to spend some money  
(Come on, come on, come on)  
These girls tryin' to take it from me.  
I'm up in the club with them, I'm just like what's up  
Getting bottles with my niggas like we don't give a fuck  
I'm just in the club, with the bottles like what's up  
Spending all my fucking money like we don't' give a fuck

Yea yea  
Move out, I'll be in the club, start pickin the leaves  
Young niggas both sides of me, lookin like Tito  
Bitch this is all of my pecane, not a hublot  
If these niggas a beat then we sumos  
This the new you, bank, the bank you know,  
Whack just pregnant like you know  
Private jet so let me go Pluto  
Yeah it's a grand whole life, freakin cinematic  
I'm in the SLS, fuck it if I'm in the traffic  
Great stone then I lay with those 20 ratchets  
Black rock star, bitches call me Lenny Kravitz

I'm just tryin to spend some money  
These girls tryin to take it from me  
(Give me that, give me that, give me that)  
I'm just tryin to spend some money  
(Come on, come on, come on)

These girls tryin' to take it from me.  
I'm up in the club with them, I'm just like what's up  
Getting bottles with my niggas like we don't give a fuck  
I'm just in the club, with the bottles like what's up  
Spending all my fucking money like we don't' give a fuck

Grape juice in my tummy  
I'm tryin to do the doggy but it just looks funny,  
Still I look like money, dress to impress,  
Looking for some double D, breast in a low pot dress,  
And then I put that body to the test,  
North to south east, to west I progress, I'm the best  
I know I ain't settling for less  
She knows what I want, she ain't gotta second guess,  
Took her to the hotel, she was with her home girl  
Had to get rid of your girl like oh well  
Baby it's a cold world, get in the jacuzzi  
Smoke some of this and get woozy  
Think her name was Jane but it could've been Julie  
Really don't matter cause I still let her do me  
Really a truly, it was all that  
I paid for the rat ta ta ta ta, from the back now

I'm just tryin to spend some money  
These girls tryin to take it from me  
(Give me that, give me that, give me that)  
I'm just tryin to spend some money  
(Come on, come on, come on)  
These girls tryin' to take it from me.  
I'm up in the club with them, I'm just like what's up  
Getting bottles with my niggas like we don't give a fuck  
I'm just in the club, with the bottles like what's up  
Spending all my fucking money like we don't' give a fuck
