You Can Have Dat

Dizzee Rascal

(You are now listening to Yung Chencs)

Uh
Steady, steady, slow, slow, catch the monkey (Monkey)
No monkey business, and I mind my business
I'm about my business, I'm no flunky (Uh)
Funky narcissistic, not a numpty
Hunky dory, feet up in the country, must be a Tory? (No)
Bank account all chunky, surely reap what you sow
Receive all the praise and keep all the glory
You're switchin' up the story, how can I ignore the way they're coming for m
e?
Baby mother drama (Sheesh), says she wants a car and says she wants a yard
I'm prayin' for some karma, tryna keep it calm
And switching on the judge inside the FDR can only do me harm
I'm switchin' on the charm, your wish is my command
Let me see my kids, you ..., 'cause I'm their father
Let me play my part, it's better we're apart
I wish you all the best and happy-ever-after
Happiness and laughter, and it's from the heart
Now you're on your path
I don't wanna argue with you, beg your pardon?
Hublot on my arm, you'll never see me starving (Never)
I just keep on marchin' even when it's hard (I'm marchin')
I'm keepin' up my guard and fully disregard the carnage that you started
Now we're on the market

You want P's? You can have that (Have that)
You want a yard? You can have that (Cool)
New car, go grab that (Go grab that)
Just bring my kids back (Bring 'em back)
You wanna ghost? I'm with that (With that)
Fast life, go live that (Skrrt)
You won't get no kickback (Kickback)
Just bring my kids back (Bring 'em back, bring 'em back)

It's crucial (Yeah), I'm bein' truthful (Trust)
I just want our kids future to be fruitful (I do)
I just want the situation to be suitable (I do)
They're so beautiful (They are)
The best of both of us, they need both of us
They can't hold their own, they ain't old enough (Nah)
We ain't close enough and now I ain't involved enough
I get shut down every time I try open up (Why?)
I can't be your dad through photos (I can't)
And I can't be a dad through videos (I can't)
You say you want to do it all solo (Okay)
And I can't see my kids, but you still want my dough though
Damned if I do and I'm damned if I don't (Yeah)
Financial abuse if I say that I won't (Won't)
Anything I do gets used against me (Yeah)
Tryna work out why you're tryna provoke and prevent me
Seems like you resent me (Uh)
And it sounds like your glass is half-empty (What's your problem?)
I've been trying so hard to approach it gently (I have)
And all I'm gettin' is negative energy
You want to send me to the Priory (What?)

It's like you're tryna destroy me entirely (Swear)
And you say I got an anger problem (Uh)
Knowin' damn well we had to deal with your anger often (Real talk)

You want P's? You can have that (Have that)
You want a yard? You can have that (Cool)
New car, go grab that (Go grab that)
Just bring my kids back (Bring 'em back)
You wanna ghost? I'm with that (With that)
Fast life, go live that (Skrrt)
You won't get no kickback (Kickback)
Just bring my kids back (Bring 'em back, bring 'em back)
You want P's? You can have that (Have that)
You want a yard? You can have that (Go on then)
New car, go grab that (Go grab that)
Just bring my kids back (Bring 'em back)
You wanna ghost? I'm with that (With that)
Fast life, go live that (Skrrt, skrrt, skrrt, skrrt)
You won't get no kickback (Kickback)
Just bring my kids back (Bring 'em back, bring 'em back)
