

Mother Nature's Recipe

Dizzy Mizz Lizzy

Late in the night
I'm taking a ride
Far away from town
Only see grey
But what can I say?
Please don't drag me down

She don't care to wait
Why do I hesitate?
No time to wait
And I saw you cry
On a moonlit-suffered sky
Have sympathy
For mother nature's recipe

I heard your call
But of course that was all
I could hear that night
One sound too much
Could make me lose touch
Makes me feel alright

She don't care to wait
Why do I hesitate?
No time to wait
And I saw you cry
On a moonlit-suffered sky
Have sympathy
For mother nature's recipe

She don't mind makin' time
It's no crime she don't mind
She don't mind took my time
