

Terrified in Paradise

Dizzy Mizz Lizzy

Are you gonna get it?
Are you gonna live it?
Try hard to forget it
I don't mean disorder
Greatest story ever told
All I know is that I'm not gonna break
I'm not gonna fall

Terrified in paradise
Wait a minute
Don't you wanna open your arms?
Terrified in paradise
I don't get it
Terrified in paradise
Wait a minute
Don't you wanna open your arms?
Terrified in paradise
I don't get it

Are you on a mission?
All you do is scream it loud
Die hard in a vision
Beyond a doubt
Call me a non-believer
It can never take me down

All I know is that you'll never get lost
You'll never be found

Terrified in paradise
Wait a minute
Don't you wanna open your arms?
Terrified in paradise
I don't get it

Terrified in paradise
Wait a minute
Don't you wanna open your arms?
Terrified in paradise
Wait a minute
I don't get it

I know one thing
You know nothing
You want something
Something out of the blue

Terrified in paradise
Wait a minute
Terrified in paradise
I don't get it
Terrified in paradise
Wait a minute
Don't you wanna open your arms?
Terrified in paradise
I don't get it
Terrified in paradise

Wait a minute
Terrified in paradise
I don't get it
Terrified in paradise
Wait a minute
Don't you wanna open your arms?
Terrified in paradise
I don't get it
