Tonight I'm off the brandy
Waiting on the flavors
Weed bud fluffy like cotton candy
He keep saying he late, I'm blowing him up, he probably can't stand me
I waited it out, he playing me out and look where it land me
I ain't playing no waiting games, I'ma fuck around and hit fanny
Feeling like Juice man, smoking like a Snoop fan
Her boyfriend a fruit can
Tying up the loose ends
Here he go pulling up
Hope the weed good enough
I recognize who it is

Damn, what the fuck I been waiting for?
(Waiting on the weed man all night)
Damn, what the fuck I been waiting for?
(Waiting on the weed man all night)
(Waiting on the weed man all night)

I been waiting on the weed man since he text me back "What you need, fam?"
That was 3:30 PM, now he on snap with his BM
I need a whole Z for the weekend
Got three homies that pitched in
Got this little bag and [?]
Need my insurance like All State
Need that Gary Payton with the bald fade
Gas lighter or the lemonade
Dizzy OG or the insane
That stoney point [?] straight

Can't fuck with shops, they be over charging
Their weed tastes it's rolled in carpet
But just know I'ma smoke regardless
Got me on the block 'bout to strike a bargain

Damn, what the fuck I been waiting for?
(Waiting on the weed man all night)
