Dizzy Wright

(You are now listening to Suave on the Beat)  
(Montage, you a fool boy)

Pray for better days 'cause I remember the days I ain't have shit  
If that bag stop calling me, I don't call off, I call [?]  
Got a bad one with me, I can't believe that pussy got all that grip  
Came with too much drip  
But I'm not down with stages being skipped  
Pray for better days 'cause I remember the days I ain't have shit  
If that bag stop calling me, I don't call off, I call [?]  
Got a bad one with me, I can't believe that pussy got all that grip  
Came with too much drip  
But I'm not down with stages being skipped

I'm in my player days  
I need to hang it up like ornaments  
Go hard in a major way  
The one I'm with, if you hit, you fortunate  
Smoking the best weed  
But when I leave I [?]  
Yeah, your blessing's gon' come the way they gon' come  
Quit forcing it  
I got the journey in tact, yeah, I invested a lot  
I need to make it all back  
That's why this beat got chopped  
Just picked up at my secret spot  
Niggas always on go when the bag's involved  
This shit's working out after all  
Just check out my catalog  
That's why I...

Pray for better days 'cause I remember the days I ain't have shit  
If that bag stop calling me, I don't call off, I call [?]  
Got a bad one with me, I can't believe that pussy got all that grip  
Came with too much drip  
But I'm not down with stages being skipped  
Pray for better days 'cause I remember the days I ain't have shit  
If that bag stop calling me, I don't call off, I call [?]  
Got a bad one with me, I can't believe that pussy got all that grip  
Came with too much drip  
But I'm not down with stages being skipped

No stages being skipped, brah  
I been making progress, hit my line for them notifications  
Giving y'all different topics  
But I can't be sitting around being complacent  
I deserve my placements  
Got money, just know it ain't hoes I'm saving  
You can see what they craving  
Told her I need a percent if I'm sending out payments  
I hate when they try to get money without me, you can tell 'em I'm hating  
My podna just pulled up in a brand new Audi, this ho going crazy  
When I seen that these niggas was doubting me, that's when I knew that I mad  
e it  
So now I'm getting active with it, never [?] not yet  
I still ain't been on a private jet  
I come alive like live effects

We go 5 on 5 and I bet my 5 beat your 5 high as shit  
But I guess until that time I'm in grind mode and I won't forget

Pray for better days 'cause I remember the days I ain't have shit  
If that bag stop calling me, I don't call off, I call [?]  
Got a bad one with me, I can't believe that pussy got all that grip  
Came with too much drip  
But I'm not down with stages being skipped  
Pray for better days 'cause I remember the days I ain't have shit  
If that bag stop calling me, I don't call off, I call [?]  
Got a bad one with me, I can't believe that pussy got all that grip  
Came with too much drip  
But I'm not down with stages being skipped
