

Building this Life for You

Dizzy Wright

Look, I know I've made some mistakes
But baby I can't take it away,
I'm tryna make it ok,
We used to kick it late in the day
Now you making a way to find the place in my day
It takes time but it's kinda shit the words specially
With being used to being hurt, is the moral of the story
You could be for me, by making the stong
I'm singing this song, come one

I'm building this life for you, (I'm building this life for you)
I just wanna see you smile (I just wanna see you smile)
Don't care bout what you've been doing
(Don't care bout what you've been doing)
We're living life into now (we're living life into now)
I'm building this life for you

With a little bit of effort, we can make love look cool
Become one, see no evil
Learn about me and I can learn about you
See it ain't no pressure, honesty is all I ask
And I'ma take care of all that ask
Caressing my fresh
Massages, after stress days
Beautiful with it, it ain't even go best days
I'm loving the chemistry
Demonstrating my weakness
You a queen and I'm in need of the treatment
You stuck on defense, but I guess that's a good thing
But I'm just not here for the good things
I wanna love you with all your flaws
Your ex was a dog, so he made you feel like you couldn't be you
But I'ma give you my all, applaud when you stand tall
And make every girl in the world wanna be you

I'm building this life for you, (I'm building this life for you)
I just wanna see you smile (I just wanna see you smile)
Don't care bout what you've been doing
(Don't care bout what you've been doing)
We're living life into now (we're living life into now)
I'm building this life for you

Every nigga has issue, to leave me would be as dumb as it gets
And if what we got is really something you into
You should be willing to put in 100 percent
Untold lies, avoid cries, a man looking at a boy's eyes
Tryna make the right moves
Stimulated by wrong, bitches turning me on
But I never met a pretty woman like you
We living life into now, nice with the smile
Trips on the plane, spending long nights in the crowd
We only live once, ain't no price on the style
So we shop till we drop then we out
We calling it bonding, they calling it caking
They hating, that's why they tingling waiting
I remain patient, gave you something you could believe
You plus me is all I need, come on

I'm building this life for you, (I'm building this life for you)
I just wanna see you smile (I just wanna see you smile)
Don't care bout what you've been doing
(Don't care bout what you've been doing)
We're living life into now (we're living life into now)
I'm building this life for you.
