

# Diversify

Dizzy Wright

You know what it is nigga

Diversify  
Different girls up on my mind  
So I can not waste my time  
Diversify  
Get some numbers on the low  
So I had to let you know  
That I, I

I get girls daily, it's a curse of mine  
I'm Dizzy D Flashy  
I got a certain fly  
I like all kind of girls  
I'm diversified  
She never gave head  
But it wouldn't hurt to try  
I'm feelin' good on some feel good music quotes  
I smash the music teacher just to hear em' music notes  
Excuse me folks  
I ain't trying to get X rated  
But the only thang on my mind  
Is some sex baby  
Okay I'm sex crazy  
I ain't gon' lie with it  
I'm diverse with positions  
I like to dive in it  
He a minute man  
Well I'm about five minutes  
But in them five minutes  
Shit you might finish  
We do this everytime I touch bread  
She always on top of a nigga like a bunk bed  
My diversity of women make me love head  
Cause dumb bread, gets you dumb head  
Foo

Ey yo, life's crazy  
Filled with beautiful visions  
And I ain't picky  
But I like beautiful women  
Now I ain't with the sinnin'  
But we do it anyway  
I'm hella mesmerized  
I do what the kiddie say  
Dizzy say  
It's worth it if you work for it  
Clean it up and even do a little dirt for it  
Take off my shirt for it  
Cause we in person now  
I'm diversified, but I'm also versatile  
Women like me cause I rap and got that jerkin' style  
Freaky nigga in the shower  
Bout to tear the curtains down  
I'm from a circus town  
Filled with them clown dudes

After round one, she too tired for round two  
See ya'll dudes is sipping all over your girl  
And my niggas  
We is pimpin' all over the world  
All over your girl  
I call it serving time  
Always murder mine  
Different races I'm diversified

Now that I got ya'll listenin'  
I got this New York chick  
She Dominican  
Missionary gotta a nigga kinda missin' it  
Flashbacks got a nigga wanting to be intimate  
I hate them girls on that fake shit  
I need a woman on some I appreciate shit  
Not on no date shit  
Cause I ain't stable  
Relationships in my mind is kinda disabled  
Plus I'm not faithful  
I'm not gon' disrespect it  
But woman start the drama  
That's when they getting disconnected  
Tryna fall in love is like teaching the biggest lesson  
But I'm diversified  
So I ain't down for the session  
Down for the questions  
Trying to psyche me out  
I'm like the New Boyz  
Cause you ain't gon tie me down  
Girls surround me now  
Trying to be around the kid  
But being diversified  
So the sound like this
