

Floating

Dizzy Wright

When life gets crazy
We'll be roller coasting
Through high and low tides
Yeah, we'll be floating
And sometimes I can overthink it
But we keep going oh no sinking

All my days don't need sunshine
Yeah, we need rain at least sometimes
I've been down and out at least one time
But I'm back up bitch
Hard work works yeah I call that justice
Lying to yourself never know what trust is
Good things take time you can't rush this
Moving everyday I don't know what rust is
Just keep going
I just breath my oxygen
Clean my socks and then
Put them right back on
Yeah, I'm off again
All the fears and doubt
Never lost to them
Count my blessings though
Cause I got lots of them
Lift me up and I'll float
Tried clipping my wings but they're still not broke
If I ever said I give up I misspoke
Doesn't hurt to just try it's still cool to have hope, yeah

When life gets crazy
We'll be roller coasting
Through high and low tides
Yeah, we'll be floating
And sometimes I can overthink it
But we keep going oh no sinking

It don't take much to overthink that
Popped up looking for a local bar to drink at
Tell them I've been dreaming big since the Dreamcast
Floating I've been looking at the stu like a king pad
I just light one whenever life seems sad
Comfortable I know the couch can outlast the bean bag
Cream get the money so I'm asking where the cream at
Life's a roller coaster had to find out what the team lack
Don't give up and don't give in
Don't live right you won't listen
We make cultures blend
I gotta give more than what I planned to
Be ready for the opportunities that demand you
I just hope I make a difference when I float away
I just know the pain I feel will never go away
But either way through the highs and lows that I formulate
I find piece on a normal day

When life gets crazy
We'll be roller coasting

Through high and low tides
Yeah, we'll be floating
And sometimes I can overthink it
But we keep going oh no sinking

I try not to stress too much
Smoke green let off steam when the pressure's up
I pray when I'm grateful I send blessings up
Another night nother flight nother stage to crush
Still remember when I had to take the bus
So I don't get too entitled that shit dangerous
Been through some hard times I can't discuss
So when I'm down please hold me up
I really need y'all
Little rough around the edges gotta evolve
5'7'' but my ego 10' tall
Life up and down like a seesaw
Never run from the lessons that it teach y'all
If we in the water might as well make waves
Keep them sales up cause the wind gon change
When I come back around wonder what they gon say
Aye, it don't matter anyway
Yup yup

When life gets crazy
We'll be roller coasting
Through high and low tides
Yeah, we'll be floating
And sometimes I can overthink it
But we keep going oh no sinking

When life gets crazy
We'll be roller coasting
Through high and low tides
Yeah, we'll be floating
And sometimes I can overthink it
But we keep going oh no sinking
