

Frustrated

Dizzy Wright

[Verse 1:]

Uh

Sometimes I ask myself, is it really worth all that it comes with

My main bitch overlooked my needs cause she thought my fans came with some kinda comfort

We argue a lot, but now I feel I'm wastin my time can see my flaws but can't see that I'm tryin

I don't ask for shit but you ain't feelin me future hoes limitless possibilities

So if you stop believin there's not a reason so you no receivin cause there's not a goal that I'm not achievin

I just need time

A lil Kush

With a lil Push

I know I ain't right but I need mine they can grow rich

Fix yo face the struggle is poetic they gimme birth to go out and be great and any ways

More than music more like life cahnging surrounded by the angels and the satans

And it got me feeling

[Hook:]

Frustrated just a lil bit

Getting frustrated by the lil shit

I walk around like everythings ok

But I don't konw how much more I can take

Lord I'm about to explode

I been dealing with my highs n the lows

I try to stay high but I'm surrounded with lows

Where do I go when I can't do my best

I'm frustrated on the road to success

I need answers

[Verse 2:]

I wanna see the dollas circulate

Bout to elevate

Havin visions of the victory

I'm 21 with the voice of the dead

You ma'fuckers bout to witness history

So then I wake up with my mind on a mission

My grind now it's time for me to be more realistic

It never stops she trippin I ain't trippin

Soon as I got my vision I was connecting the dots

Big will probably trippin right now cause his lesson was got

Thsi is the truth behind the message from pac

They ain't feelin me though

Niggas blinded by the industry flow

Categorize me soon as I enter the door

It's all assumptions

And assumptions is basically nothing cause if you think about it it's all in your head

I been stressin a lot

Rappin, tryin to send my message from God

Got on my knees n this is all that I said man this is all that I said

[Hook]
