Don't like that fake shit like US almanacs (Nope)  
Take that knee like Colin Kaepernick (Yup)  
But they still do not get the point  
They need a bit and they don't want to hear me out  
Zone me out and then I lit the joint  
Don't turn me up, if you gon' miss the point  
Same message, just a different voice (Yee)  
Wisdom, strength, and beauty, that's the real meaning of God in the flesh (It is)  
Funny 'cause you're working day and night, but give credit to everyone else (Gah damn)  
I ain't cut through to debate (Nah)  
It's obvious we need the help (We do)  
Tell me what them fallen angels is, are we aliens? Hell yeah  
Shielded by the sun, fuck the shade, I get my energy and I exhale  
No negative energy I inhale  
Medical science has failed (It has)  
On a scale from 1-10, how you feel, how you been? (I don't know)  
They fill us up with medicine  
Hoe, don't let it settle in  
Outta my mind man I'm miles out (Right, right)  
Wake up man the time's now  
Rest in peace to Amy Winehouse  
I just follow all the signs now  
I know exactly what God gave me  
This is the righteous way, follow us  
No hate in my heart for haters, but sittin' here lookin' at Donald Trump like what the?

You gon' just sit here and waste my time like that  
Like I'm fine with that; fuck yo attitude

Then, they try to call 'em holidays (Damn)  
I'm tryin' not to let this get to me, ay  
Why ya'll thankful for this stolen land?  
But walk around trying to judge the thieves  
Mama had 5 kids, but she could barely even live, 'cause nothing's free

Judge me if you want, fuck it, I'm ready for war you suckers don't want it with me

Children of the sun, eatin' acidic food, brodee can barely run up the street  
I hope you niggas don't run up that check for yo homies and still be forgett  
in' these queens (Live by your means)

We in a corporation spell in the American Dream

I know you know

The justice system, they gon' do the most

Take us to jail for a new parole

White boy got 3 months for raping shorty, how he get out and Meek Mill got 2

I don't know, that's the world that we're livin' in

Look at all these crowded ghetto homes that they got my niggas in

No giving up, won't catch me givin' in

Can't stop, can't lose

He said that's my State of Mind 2

Nigga's like finally brodee your battles inspire me, keep givin' people the  
truth

No hate in my heart for the haters, but if we ain't off that OG, then we ain'  
't in the mood

You know how we roll

When you find out that your body is a vehicle for your soul

Quit actin' slow

You gon' just sit here and waste my time like that

Like I'm fine with that; fuck yo attitude

You should roll this weed and let your mind relax

Take yo time with that; fuck yo attitude
