We idols in the streets but in this business we some gangstas, yeah  
We made a difference but didn't change up (we didn't do that)  
And we ain't tryna be like the niggas who made us, no  
You can't hang with us and give excuses (nah, nah)  
And when it come down to it you ain't movin how we movin

Above everything I'm a father to 5  
And I'm married to my partner in crime  
\*\*\*\* that's G-SHIT  
Not a weakness  
\*\*\*\* think they hard in they lines  
And think they money  
Til they card is declined  
Ain't nothin free when I have 7 mouths to feed  
It ain't jus bout the money  
It's what the message bout for me  
But my price been goin up  
Like unleaded gasoline  
You want respect  
That goes both ways  
Like you checkin out the street  
But ain't no steppin' up to me, \*\*\*\*

The way I handle endeavors  
There's no identical  
I do the most to maximize efforts  
You do the minimal  
If you exploiting pain to do well  
Get new material  
Cause that high school shit gettin expelled  
It's the principle

And \*\*\*\* claimin they gangsta cause of their weaponry  
That stick don't make you G, you still a bitch with accessories  
And you ain't walkin that walk, watch how you step to me  
In this business I'm someone like you've never seen  
I'm leadin by example

You just showin' up for your kids, we do it regularly (uh uh)

Tripled the bag, but didn't think of longevity (woah)  
Didn't have all of the keys I have presently (now you thinkin)  
The President of head companies is texting me (what's up)  
So how you think I feel about a deal jailing me? (that's cray)  
Ahead of my time, so is they really ahead of me? (hmm?)  
I'm makin' plays, y'all just playin with accessories  
We got the chains too  
What yours there for?  
You just signed up for some shit you ain't prepared for  
Soon as the money gone you're like a scared crow  
I told them bury me in gold like a Pharaoh (Pharaoh)  
G-SHIT, my mindset is make the heat shift  
That fake beef is like that real beef you eat wit  
Fuck both, I'm comin' cut throat  
They can judge but I'm accustomed  
To them haters comin' by the bus load  
Ain't nothin' new

Don't mess with us, we dangerous (dangerous)
