

# Get It Together

Dizzy Wright

[Hook]

You tryin to make him happy  
you ain't happy tell me  
How you find the happiness in that  
I know it makes you happy when he happy  
but he acting he ain't happy where he at  
I think its time to  
Work work on you  
time to work work on you  
Work work on you  
Until he get his shit together  
Time to work work on you  
Work work work on you  
Work work on you  
Until he get his shit together

[Verse 1]

She go to school take care of shit ain't scared of shit  
She meditate She elevate She hellas sick  
She hellas smart gotta glow likes the sun itself  
She live by the streets there's no runnin for help  
Only come for the wealth don't touch her she come by  
herself  
The lonely stoner her soul is gunnin for help  
You look at her beauty She don't pay you no mind  
Rosey wine for the time tryin to make you a dime  
Lost minds invitations to situations  
Betrayal, Imitations changing as you flip them faces  
Is it worth it remember your purpose  
Its not forever make it happen it will feel amazing  
I told her blessings come with patience  
But patience come with Growth  
Filled with wisdom been taking no sense  
Found this patience in my smoke (my time)  
Problems are not stop signs there guidelines  
Stop wishing and start doing Cant be worried bout whats  
not mine

[Hook]

You tryin to make him happy  
you ain't happy tell me  
How you find the happiness in that  
I know it makes you happy when he happy  
but he acting he ain't happy where he at

[Verse 2]

She smoking weed chilling relaxing her soul  
Naturally the ship she wanted she taking it home

She taking him down probably wont take him that long  
Shadows of life come from when we be blocking our own  
Don't grovel cause its over baby smile because it  
happened  
You walking away slow but you never walk backwards  
Someones oppinion of you shoulde'n change none of your  
Habits  
Procrastination this opportunitys assassin its a habit  
We establish live so average not my passion  
But knowledge has no value unless we put it inot  
practice  
Look Health is the greatest gift  
Contentment is the greatest wealth  
Faithfulness is the greatest relationship now find it  
in yourself  
Took the time to make myself took what I've been  
through in a strong way  
missing 100% of the shots you don't take you gotta  
believe  
how to acheive how can you make it  
The best way to predict is to create it means you at  
your destination

[Hook]

You tryin to make him happy  
you ain't happy tell me  
How you find the happiness in that  
I know it makes you happy when he happy  
but he acting he ain't happy where he at  
I think its time to  
Work work on you  
time to work work on you  
Work work on you  
Until he get his shit together  
Time to work work on you  
Work work work on you  
Work work on you  
Until he get his shit together

[Outro]

I told her  
"Small deeds done are better than great deeds planned  
Anyone who has never made a mistake has never tried  
anything new  
we need to worry about in the now whats your purpose  
the secret to happiness is freedom and the secret to  
freedom is courage  
you doing things right but are you doing the right  
things  
you don't need a man but you want a man  
you don't need a plan you are the plan  
look in the mirror and ask yourself "Who am I?"  
you my queen are the ruler to anything you prosper  
if it gets awkward think like a toddler only you can  
slow you down

[Hook]

You tryin to make him happy  
you ain't happy tell me  
How you find the happiness in that  
I know it makes you happy when he happy  
but he acting he ain't happy where he at  
I think its time to

Work work on you  
time to work work on you  
Work work on you  
Until he get his shit together  
Time to work work on you  
Work work work on you  
Work work on you  
Until he get his shit together
