

# God Ain't Missing No Calls

Dizzy Wright

I know that life can be difficult dawg  
We all here to evolve  
God ain't missing no calls  
God ain't missing no calls  
If you know that gave you it yo all  
Get up when you fall  
Cause God ain't missing no calls  
Not one

I'm writing this for all the fathers that move like Deion sanders  
Cause it ain't about us it's about pushing new standards  
You don't get a lot done when you just high and getting hammered  
You can know your history and not move like a black panthers  
Younging tryna catch a fade but aye What yo grades looking like  
Did you really earn yo spot? Can you follow good advice?  
It ain't about yo homies if you out here playing wit your life  
It's all about decisions all it takes is 5 minutes  
I'm writing this for all the fathers that move like LeBron James  
I ain't pushing you this hard to be involved in a ball game  
How you carry yourself is what care about in exchanged  
You can be anything you want I'm just proud of who you became  
I try to vocalize in my way about all this bull junk  
Installing positive energy so you know where to pull from  
But you gone have your days and it's gone come down to your ways  
Whatever relationship that you create wit God keep it safe!

I know that life can be difficult dawg  
We all here to evolve  
God ain't missing no calls
