

## Heart Breaks

Dizzy Wright

What does it mean to love anymore  
I keep on witnessing heartbreaks  
My generation come from drug lords  
I think that put us in harms ways  
Technology change the game and I see some people that's learnin  
g the hard way  
Usually we don't point the blame our way  
But today I'ma say what they won't say

We make the murder music rap about it niggas die and trip about  
it  
Convince yourself that you for everybody but the average person  
barley recognize it  
Grab the gun and then you publicize it like the life you living  
isn't doubling sided  
You either got your freedom or you don't but the system make it  
hard for niggas pockets  
That's how you get the jacking and the robbing

Give me that chain, give me dat, give me dat, give me dat to  
Give me that watch, give me them rings what you gone do (Give m  
e dat)  
You ain't no bitch but look at this gun that's pointed at you

Somebody's always down to get violent wit you  
Can't be posting locations unless you leaving  
They gone back peddle leaving ya family grieving  
Lack of resources bringing out the leaches  
Niggas rather die before they show some weakness  
That's just how it is that's the culture speaking  
Ran by culture vultures that's just how I see it  
Prolly never change that's how they like to keep it  
Black Lives Matter not by black people  
Wait a minute...

See see see  
That's how they do us  
That's how they flip the script on us  
Cause we make the music that fuel niggas to act this way and th  
en we turn around and be screaming Black Lives Matter  
We got to do better  
What we gone do nigga  
How we gone switch this up man?

What does it mean to love anymore  
I keep on witnessing heartbreaks  
My generation come from drug lords  
I think that put us in harms ways

Technology change the game and I see some people that's learnin  
g the hard way
