HUSH

Dizzy Wright

All I hear is witty ignorance
I just want intelligence
So sharpin' up your cleverness
The talkin' all irrelevant
Something's in the room
And that something is an elephant
Metaphorically speaking let's talk about how you're full of it
Like how you always party and your moneys open ended
How you're targeting the children with your alcoholic message
And you never really fight, you're just trying to sell some records
And the women that you had say they never got the message
Whoa, hold on a second
I just need to catch my breath to continue my lesson
Pay attention, if you let the lyrics bite homie you will get infected
With that mainstream bug staying dormant for the session
Where's your argument? I don't care who started it
Just have a good reason accepting you played you part in this
I'm offering something that should be buried in your consciousness
But when the money comes a lot of people get lost in it

Hush, shut your mouth for a minute
I'mma let you spit it right after I finish (if you all would please)
Shut up and listen
Shut up and listen
Shut up and listen
Shut up and listen me
Man, I don't think you get it
I've been tell you to shhhhh (do me a favor and)
Shut up and listen (yeah)
Shut up and listen (yeah)
Shut up and listen
Shut up and listen me

I hear these fuck niggas teaching niggas the wrong shit
I don't know what's right but I can take you down a long list
Brother Dizzy in the house, lower your tone kids
'Cause when I speak they don't bleep, they know that I teach
I put niggas on blast faster then fast, I'm after that ass like
I'm in the club and buffy the butt just fucking past (damn)
This cash in my bag will probably end friendships
This hash in the wrap make everything stand still
I'm an observer, I've caught on to what they doing
They moving but they ain't moving, her bruises got her out choosing man
Shut up and listen, listen and shut up
All in your face and you can feel the pressure nigga

Hush, shut your mouth for a minute
I'mma let you spit it right after I finish (if you all would please)
Shut up and listen
Shut up and listen
Shut up and listen
Shut up and listen me
Man, I don't think you get it
I've been tell you to shhhhh (do me a favor and)
Shut up and listen
Shut up and listen
Shut up and listen

Shut up and listen me

See, I can do it like you
I just don't because I won't
The homie choose not too, nigga ooh
There is message in the song and here's a clue
I can do anything and second verse is just the proof
I'm serial killer spitter and advocate of the truth
So if that ain't what you do, hump a clone without the lobe
Got the hunger of lion, but I can not see the food
So I'm only going ham to satisfy when I chew
Why you screaming like you're swollen
Oops I think it's broken
And I'm talking bout the link between the people and the public
I know you love it, the way this man buzzin'
Like a skateboard haters you can all pop shove it

Hush, shut your mouth for a minute
I'mma let you spit it right after I finish (if you all would please)
Shut up and listen
Shut up and listen
Shut up and listen
Shut up and listen me
